Responsibly managing asset repair and replacement in a prudent way as needed.

5. Please enter your 150 word (or less) Bio below.

I first experienced Vistoso on a golf trip, and very much came to enjoy the golf course and the Community. Shortly thereafter my wife, Eve, and I purchased a condominium at 655 W Vistoso Highlands Drive, which we very much enjoyed. Then came two houses before we settled into our condominium located at 755 W Vistoso Highlands Dr.

My education included Purdue University undergrad, and the University of Denver - Law and MBA. My work experience included a brief stint as a practicing attorney, then a long career as a corporate executive. My final assignment was as President and CEO of a construction/insulating products company that employed approx 500 employees in 10 plants across the country and briefly in Mexico. I retired from that role in 2014, and have continued to work on volunteer projects.
